Xemio-243/253 Quick Guide Lenco

Box content:
1x Main unit, 1x USB Cable, 1x Earphone

USB Port (1); for PC connection and charging.

Downloading the User's Manual

- Connect the player to your computer (MAC, Windows 2000, XP, Vista or 7) with the USB cable. A "USB Mass Storage Device" is detected by your computer and the related driver is installed automatically.
- A removable disk drive will be shown in the "My computer" folder. You can now read, write or delete your files.
- For consider environment protection, the detailed User Manual is stored on the player's flash memory in a folder named **"User Manual"**. To open it you need to download it onto your computer, and then you can view it on computer directly.

Note: To open the user manual the computer needs to have a .pdf reader. You can download a .pdf reader for free via http://get.adobe.com/reader/
